This is the season! As we head into the holidays, Detachment 390 is excited to give a recap of what our cadets have been up to recently. Due to Fall break and Thanksgiving break, we decided to combine the October and November updates into one combined Flyover. Let’s jump right in – we have a lot to cover from LLABs, Galas, Dining Out, Veterans Day, and a few special guests!

**Leadership Laboratory (LLAB)**

Weeks 6 through 12 covered a variety of topics ranging from Open Ranks Inspections, Flight Drill Evaluations, and marching. During October, the cadet wing was visited by special guest Lieutenant General Robert J. Skinner, the Director of the Defense Information Systems Agency. We collaborated with our fellow ROTC branches to put together a special afternoon Q&A session, allowing our cadets to receive valuable advice. (photos below)

**Fisher House Gala**

Several cadets and cadre from Det 390 attended the Fisher House Gala last week to support fundraising for the 99th house built by the Detroit VA center! The Fisher House Foundation is a charitable organization that provides comfort homes located at major military and VA medical centers across the U.S. and around the world for military and veteran families to stay in while their loved ones receive medical treatment. **Arnold Air Society**

Every semester, Arnold Air Society members collaborate with the Ann Arbor Parks and Rec Department to clean parks within the city. This year, they removed invasive plants from the Sunset Brooks Nature Area. (photo to the left)

**Veterans Week**

The cadet wing came together to honor those who came before us by taking part in Veterans Week activities around campus. The culminating event was a formal flag raising in the Diag on Saturday, in which all the ROTC branches came together to pay tribute to the Veterans who served. (photos below)

**Physical Training**

This semester’s PT program had lots of exciting events! We ran the first Halloween Pumpkin Bowl, where all services competed against each other in Halloween costumes. Cadets also moved wooden logs and ammo cans as part of a Spec War PT. Lastly, cadets exercised with each other on their own to complete Satellite PT sessions! (photos to the right)

**Dining Out**

On November 16, the cadet wing headed to Weber’s Boutique Hotel to celebrate our semester successes with a dining out. This annual event allows cadets to bring a guest to enjoy a formal Air Force dinner, including a Grog bowl and lots of dancing! We had the pleasure of hearing a speech from retired Brigadier General Slocum. (photos below)
